CQA/ACC PRESENTS...

JUDY BROWN

Judy enjoys traditional piecing, and hand quilting especially with a group. Favourite pattern includes anything with points. Accomplishing perfect points on a whole quilt would be a check off the bucket list. She also really likes pattern drafting and writing directions, finding the best way of accomplishing a task and then teaching that task. Garment design and clothing construction has seeped its way into her quilting world as well. With a very large extended family there will never be an end of places for all the unending flow of patterns that can be dreamed and completed.

THE BARE NECESSITIES QUILTING 101 PART II

Not sure you want to quilt but might like to try. Feel overwhelmed by the multitude of 'necessary' supplies but live on a strict budget. Join us for a simple block from on hand supplies, then follow simple rules to create a little more complex block. You will end up with two blocks that will start you on the road or convince you it is just not for you.

IRENE LAFLECHE is the new Membership Director for CQA/ACC and looks forward to meeting you at Creativ, where her passion for quilting began after attending the Ottawa festival in 2003. As a Federal Government retiree who also operated a small home-based knitting business, she is now busier than ever, having created over 200 quilts and quilted items for personal use, gifts, sale, commission work and charitable donation. She recently started her own online website business, **TuCan Quilt Shop** specializing in quilt sales, workshops and offering trunk shows. Irene is excited to be bringing some of her 14-year knowledge right back to where it all began.

Add more of the same stripe fabric if you want something larger. In the 3 hours we will get

all the cutting done and start in on the piecing. Instructions for completing the quilt top will be provided.

LEIANNE MCCALLUM QUILTERS CUPBOARD

Leianne McCallum started this wonderful thing we call our quilting hobby when she moved to Ontario in 2001. She is excited to share her knowledge through classes, quilt

shows and working at Quilters Cupboard in Uxbridge. She also enjoys teaching workshops and presenting "trunk shows" for Quilt Guilds. Her discovery of the accuracy of the Studio 180 Design rulers and love of Lemoyne Star quilts are a perfect fit for sharing with students. Some might call her "star obsessed", and they don't mean movie stars! She is though an equal opportunity quilter with lots of other designs catching her eye not just stars. There are many patterns and quilts she has made, and many more yet to discover. That's going to keep her even busier in her retirement years, whenever that starts...

RULER TECHNIQUES

We will be sharing some of our best approaches to common processes, as well as demonstrating a few techniques we love. We enjoy chatting about the accuracy and precision of the Studio 180 rulers. Ones that create common blocks like the Tucker Trimmer and the Wing Clipper, as well as something that creates a totally new and different approach to a more complex looking unit like the Diamond Rects. How many quilters have a Storm at Sea quilt on their "bucket list"? We really like how many different looks this one can have, and usually it's created with a paper piecing approach that doesn't always work out so well. We see quilters get excited every time we demo these processes and share

QUILTING & SURFACE DESIGN

samples of quilts we have made using the techniques. There are lots of small kits and quick quilts for gift ideas we love to chat about as well. All of which are easily created by quilters with all skill levels. Fall is a time we are all thinking of gift ideas for friends, family, or just to enjoy some hobby time ourselves. Come see how Quilters Cupboard can help to inspire your own Creativ style.

If you would like to experience how creative this hobby can be, you can build a small image using two to three veneers with our Make and Take projects offered in the morning.
